This Agreement sets forth the terms and conditions under which the software known as ("QuO" Software), which was developed under U.S. Government Contracts that were sponsored by the Defense Advanced Research Projects Agency, will be licensed by BBN Technologies ("BBN") called ("Licensor") to you ("Licensee"), and by which Derivative Works (as hereinafter defined) of QuO Software will be licensed by you to Licensor.

#### Definitions:

"Derivative Work(s)" shall mean any revision, enhancement, modification, translation, abridgement, condensation or expansion created by Licensee or BBN that is based upon the Software or a portion thereof that would be a copyright infringement if prepared without the authorization of the copyright owners of the Software or portion thereof.

"QuO" shall mean a programmer's toolkit, techniques and example software for building network centric adaptive applications as originally created by BBN, and any Derivative Works thereof as created by either BBN or Licensee, but shall include only those Derivative Works BBN has approved for inclusion into, and BBN has integrated into QuO.

"Standard Version" shall mean QuO, as originally created by BBN.

"Software" shall mean QuO and the Derivative Works created by Licensee and the collection of files distributed by the Licensee with QuO, and the collection of files created through textual modifications.

"Copyright Holder" is whoever is named in the copyright or copyrights for the Derivative Works.

"Licensee" is you, only if you agree to be bound by the terms and conditions set forth in this Agreement.

"Freely Available" means that no fee is charged for the item itself, though there may be fees involved in handling the item. It also means that recipients of the item may redistribute it under the same conditions that they received it.

1. BBN maintains all rights, title and interest in and to QuO, including all applicable copyrights, trade secrets, patents and other intellectual rights therein. Licensee hereby grants to BBN all right, title and interest into the compilation of QuO. Licensee shall own all rights, title and interest into the Derivative Works created by Licensee (subject to the compilation ownership by BBN).
2. BBN hereby grants to Licensee a royalty free, worldwide right and license to use, copy, distribute and make Derivative Works of QuO, and sublicensing rights of any of the foregoing in accordance with the terms and conditions of this Agreement, provided that you duplicate all of the original copyright notices and associated disclaimers.
3. Licensee hereby grants to BBN a royalty free, worldwide right and license to use, copy, distribute and make Derivative Works of Derivative Works created by Licensee and sublicensing rights of any of the foregoing.
4. Licensee's right to create Derivative Works in the Software is subject to Licensee agreement to insert a prominent notice in each changed file stating how and when you changed that file, and provided that you do at least ONE of the following:
  - a) place your modifications in the Public Domain or otherwise make them Freely Available, such as by posting said modifications to Usenet or an equivalent medium, or placing the modifications on a major archive site and by providing your modifications to the Copyright Holder.

- c) rename any non-standard executables so the names do not conflict with standard executables, which must also be provided, and provide a separate manual page for each non-standard executable that clearly documents how it differs from QuO.
  - d) make other distribution arrangements with the Copyright Holder.
5. Licensee may distribute the programs of this Software in object code or executable form, provided that you do at least ONE of the following:

  - d) make other distribution arrangements with the Copyright Holder.
6. You may charge a reasonable copying fee for any distribution of this Software. You may charge any fee you choose for support of this Software. You may not charge a fee for this Software itself. However, you may distribute this Software in aggregate with other (possibly commercial) programs as part of a larger (possibly commercial) software distribution provided that you do not advertise this Software as a product of your own.
7. The data and images supplied as input to or produced as output from the Software do not automatically fall under the copyright of this Software, but belong to whomever generated them, and may be sold commercially, and may be aggregated with this Software.
8. BBN makes no representation about the suitability of QuO for any purposes. BBN shall have no duty or requirement to include any Derivative Works into QuO.
9. Each party hereto represents and warrants that they have the full unrestricted right to grant all rights and licenses granted to the other party herein.
